SOMERVILLE, TENNESSEE, FRIDAY, APRIL 16, 1920.

NEW SERIES: VOL. XIII.—NO. 43

City Mail Delivery for Somerville

Post Office Inspector Cole of Memphis was in Somerville Monday and Tuesday to make his final inspection for City Delivery for Somerville and while here made a plot of the proposed delivery limits etc. He and Post Master C. M. Reames made a careful survey of the town and streets preliminary to the recommendation of the Inspector and it is understood that a recommendation for the immediate establishment of the service has been made by Mr. Cole to the Department at Washington.

Patrons wishing delivery of their mail will have to see to it that streets are properly named and numbered and receptacles for the mail will have to be furnished by each patron for himself, as will the house numbers. All houses must be numbered. There are some places on the proposed delivery routes that sidewalks and crossings are not up to requirements of the department, and it will be up to the city authorities and property owners in such cases to make these good, there being not a great number of these.

Mr. Cole told The Falcon that if the delivery is established, there will be one full time carrier used and one half time carrier, each section of the delivery system receiving two mails each day, one in the morning and one in the afternoon.

The Inspector was pleased with the enterprise shown by Somerville in her good walks, her city water and sewer systems and light system, stating that few towns of the size of this have all these modern improvements and conveniences. With the establishment of city mail delivery another modern day convenience will be added to the town's assets of improvements, and it will be made just that much more desirable as a place for a home.

According to the Inspector, money is already available for the expense of the new system in Somerville and it needs but the approval of the department at Washington to put it in operation. Post Master C. M. Reames and Congressman Fisher are deserving of the congratulations of the public for the success of their efforts to have this service established here.

How Diphtheria is Contracted

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the street until fully recovered, as there is a hundred times more danger of his taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted.

Notice To Contractors

Notice is hereby given that the following work of construction for Beaverdam Creek Drainage District No. 1, of Fayette, Shelby and Tipton Counties, Tennessee, will be let at the court house in Somerville, Tennessee, on the 26th day of April 1920 at noon, and sealed bids on the work will be received until said hour on said date.

First: Cleaning and clearing off the right of way for the canal and laterals according to the plans, specifications orders and decrees of the court. The clearing for the main canal must be 120 feet wide, and the clearing for all laterals must be 100 feet wide. The rights of way must be cleared to the outside of same.

Second: The excavation, digging and construction work necessary to dig, construct and turn over complete, according to plans specifications and blue prints and profiles and decree of the court. The estimated yardage for the main canal and laterals aggregate 630,000 cubic yards however, the contractor must handle all additional yardage, if any, and do all necessary work to complete the district according to the plans and specifications and decrees of the court. The contractor will be required to leave openings in the spoil banks of the width and at the places designated by the board of directors, or engineer in charge to facilitate draining into the canal, and also to widen and deepen and clean out the mouth of any creek, or branch, or slough or inlet emptying into said canal or laterals.

Third: The berm or distance between the edge of the canal and the foot of the spoil bank when settled must not be less than 10 feet.

Fourth: Each bid on the work must be accompanied by a certified check for the sum of ten per centum of the amount of the bid, payable to the Drainage District. The check will be returned to the bidder if the bid is rejected, or if bid is accepted the check will be returned when the contract is executed. A bond in the sum of 25 per centum of the bid will be required to guarantee a faithful performance of the contract.

Fifth: The work must begin as soon after the contract is executed as possible and be completed by the 1st day of September 1921.

The undersigned Directors reserve the right to reject any and all bids and re-advertise.

For any further information write to Bond & Bond Attorneys, Brownsville, Tennessee, or to W. M. Mayo, Attorney Somerville, Tennessee.

This the 30th day of March 1920.
W. G. Shelton
J. A. PHILLIPS
F. E. Adams
Board of directors of Beaverdam Creek Drainage District No. 1, of Fayette, Shelby and Tipton Counties, Tennessee.

William E. Crawford

At his home in South Somerville, on April 9th, died William E. Crawford. He had been in failing health for quite awhile, but was confined to his room for only one week. "Uncle Billy" as he was familiarly known and lovingly called, was born in Somerville, June 22, 1842, and was of Scotch-Irish descent, being the son of Franklin and Ann L. (Eastham) Crawford. Franklin Crawford was the first agent here for the old M. and C. R. R. and continued in that capacity for more than 35 years. Uncle Billy was educated in the High Schools of his native town and graduated therefrom in June 1860, and soon thereafter united with the Presbyterian Church.

At the age of nineteen years he joined Company A, or Fayette Rifles, which was commanded by Capt. William Burton of Somerville. He was wounded twice during the war, at Shiloh and at Jonesboro, and was later captured at Missionary Ridge. He was elected First Lieutenant at Chickamauga and served as such until the close of the war, when he returned home to begin life again in the home of his nativity. He married Miss Emma Burton March 12th, 1873, and lived happily with her until her death. On December 27th, 1900, he married Miss Patti Rodgers, formerly Principal of the La Grange Academy, who was born and reared near Byhalia, Mississippi.

Uncle Billy was Clerk of the County Court of Fayette County from 1906 to 1910. He was a Master Mason and also a Royal Arch and Council Mason. If he had lived until April 12th it would have been fifty years since he became a member of this order.

In every walk of life he did his duty. When the Tocsin of war was sounded, when the martial music could be heard in every Southern town and hamlet and the flower and chivalry of the South, who had been cradled in the lap of luxury and wealth heard the call and responded to a man, our friend although a boy from college left his home and fought side by side with his comrades of five companies that composed Vaughn's Regiment from Fayette County. In every engagement he flitted with death and sang and whistled in order that minds unused to the cannon's roar and shrieking shell might remain cool, thoughtful and collected. As a citizen he carried the sunshine and good cheer into every crowd with whom he came in contact, but it was in the home that he shone with such effulgent brightness and splendor. His devotion to his invalid wife and by whose bedside he remained for more than ten years and whose every want and wish personally looked after and attended to without murmur or complaint. He never appeared in her presence with a groan or complaint. His motto was whistle and sing and this was one of the last things he said to his sorrowing wife, "Don't cry but whistle and sing." The writer could say much about this magnificent character whose devotion to duty began as the good gray soldier upon many Southern battle-fields and ended as a martyr to that good principle that makes us feel like there lived among us a Superman. For greater love hath no man than this, that a man lay down his life for his friend. It was upon the anniversary of the great cause that went out at Appomattox fatal field that the life-bark of our friend floated down the dark river to his "Haven of Rest." In pace requiescat.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine. Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. New County Agent Coming

A letter received by The Falcon about the end of last week announces the employment of A. A. Pryor as County Agent for Fayette County, his term of service to begin at once.

Mr. Pryor takes the place of W. A. Owen who resigned in January to accept a similar position in Arkansas. The new Agent is expected to arrive here at an early date to assume the duties of his new work and get busy for the organization of his year's work.

Coming at this late date, the new Agent will be at some disadvantage during the first of his service here and The Falcon urges those in every part of the county to co-operate wherever it is possible in making the work a success. We have not discussed the plans for organizing the work this season, but we take it that the work will follow in some degree that done in former years and which has resulted in much good to the county. But Mr. Pryor is a stranger in the county and to make the work just what it should be farmers and other friends of the movement can help him wonderfully in furthering the plans and getting things started moving. Once organized again and the new Agent acquainted with his people and their surroundings, he can take care of the situation. But just now there should be given every co-operation possible. The Falcon hopes that the club work that has borne so much good results will be pushed again and that there may be pig clubs, corn clubs, and the clubs under Miss Brasfield's direction, and that all will work together to bring up boys and girls of the county to farm living and home making. Mr. Pryor was here last week for a visit and looked the ground over for the year's work in this county.

IS THIS YOUR EXPERIENCE

Many Somerville People Are Afflicted With Annoying Kidney Ills

Are you bothered with too frequent action of the kidneys? Are the secretions highly colored—do they contain sediment—burn and scald in voiding? These are all signs of kidney sickness and should not be neglected. Somerville people recommend Doan's Kidney Pills. If your back aches and your kidneys are weak you will find no better recommended remedy.

C. P. McDowell, farmer N. Covington St., Somerville, says: "Doan's Kidney Pills are an excellent kidney remedy and I gladly recommend them, to anyone suffering from kidney trouble. My kidneys were weak, and I had to get up often at night to pass the secretions, which were highly colored. I had bad spells with my back and it also kept me awake at night, owing to the dull pains. I saw Doan's Kidney Pills advertised by people who had been benefited by them, and I decided to get a box at the Price Drug Co. I used Doan's as directed, and they cured me of the trouble. Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McDowell had. Forster Milburn Co, Mfrs., Buffalo, N. Y. Adv.

To Cleveland Sessums

Victoria Sessums vs. In the Chancery Court of Fayette County, Tennessee.

In this cause it appearing from the bill, which is sworn to, that the Defendant Cleveland Sessums is a non-resident of the State of Tennessee, he is therefore, hereby required to appear on or before the first Monday in May, 1920, it being a regular rule day of said Court, before the Clerk and Master of said Court at his office in Somerville, Tennessee, and make defense to the bill filed against him in said Court by Victoria Sessums or otherwise the bill will be taken for confessed. It is further ordered that this notice be published for four consecutive weeks in The Fayette Falcon.

This March 30th, 1920.
W. M. MAYO, C. & M.

Are You Happy?

To be happy you must be well. If you are frequently troubled with constipation and indigestion you cannot be altogether happy. Take Chamberlain's Tablets to correct these disorders. They are prompt and effectual, easy to take.

Garden Notes

The unusual cold recently has kept back planting in the gardens of many hereabout, and very well that they have not planted, as little growth has been seen in vegetables planted and up. Monday night of this week the thermometer dropped to within a shade of freezing point and several early risers in town reported seeing ice Tuesday morning. Anyway it was cold enough to check growth of all vegetation. Many gardens have not yet a seed planted in them this spring.

Tho the season for transplanting tomato plants is well advanced, very few have been transplanted, owing to the cold weather. It is high time, so far as the calendar goes, for getting them out, but as long as cold weather lasts there can be no good from transplanting them.

Time yet to bed sweet potatoes for raising your own plants. The Falcon has bedded 20 bushels and should have 75,000 plants for those who prefer to buy, and they will be sold right from the beds so that purchasers will not have to take risks with shipped plants. Experiences with plants grown in the far south are not satisfactory and it is better to get home raised plants.

A few had to give protection this week to their snap beans. Ours were not quite thru the ground and were not hurt by the cold.

It is time now to plant the wrinkled varieties of English peas, the sweetest and best of that family. Planted earlier the seed rot in the ground from the cold and excessive moisture.

Several questions about Asparagus have come to us recently, but we have advised waiting till fall to plant it out. Crowns can be bought for about \$1.00 per 100 in the fall, a good row made rich and deep and the crowns set well below the level of the ground, and in another year it will be as profitable row as there is in the garden. We prefer it in a row, rather than the old way of having it in a bed.

The Falcon has thousands of early tomato plants ready for sale, cabbage plants grown in rows in the garden most ready, egg plants and sweet peppers ready by May 1 or before, and Porto Rico sweet potato plants coming on. Plenty of plants for those who want to buy.

A Texas Wonder.

The Texas Wonder for kidney and bladder troubles, gravel, diabetes weak and lame back, rheumatism and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.25. One small bottle is two months' treatment and often cures. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive street, St. Louis, Mo. Sold by druggists.—adv. if

Why Be Dull And Languid This Spring?

"Spring Fever" Is Natural, But Not Necessary—Its Due to Sluggish Blood.

KEEP FEELING YOUR HAPPIEST

Purify and Tone Up Your Blood With That Famous Tonic, Pepto-Mangan

Do you seem unable to do any work, to concentrate, to take any interest in things, during the wonderful Spring days? Do you feel just useless and no account?

Nothing is really the matter, except that, as happens every Spring, your blood is clogged—it is sluggish with poisons from its long Winter fight.

In time, your blood will probably adjust itself. But meanwhile you fret and worry, feel unhappy—and accomplish nothing. Why do it, when it is easy to clear up your blood by taking Pepto-Mangan for a while? For thirty years, doctors have been recommending this effective and agreeable tonic to purify and build up the blood of run-down, listless people.

Feel your best. Have a fine color, and spring in your step. Be vigorous, happy, red-blooded. Get a bottle of Pepto Mangan today. The nearest druggist has it, and in either liquid or tablet form, just as you prefer. There's no difference in medicinal value.

But be sure you get the genuine Gude's Pepto-Mangan. Ask for it by that name—"Gude's Pepto-Mangan," and be sure the full name is on the package.

A prudent mother is always on the watch for symptoms of worms in her children. Paleiness, lack of interest in play, and peevishness is the signal for WHITE'S CREAM VERMIFUGE. A few doses of this excellent remedy puts an end to the worms and the child soon acts naturally. Sold by Price Drug Company. Adv
